Employees benefit from having involvement in their career planning process and access to personalized development reports.

Management accesses a Talent Readiness Dashboard that objectively ranks employees for positions according to job specific qualifications and behavioural competencies, as well as current job performance. Talent pools are kept up-to-date by employees and Human Resources only needs to access the current talent pipeline for any position.

The screenshot shows a web interface for career planning. On the left, a list of careers is ranked by likelihood of enjoyment: 1. (87.1%) Outside Sales, 2. (78.7%) Customers Service, 3. (62.9%) Programmer, 4. (57.1%) Personal assistant, 5. (41.4%) Programmer Manager, 6. (40.4%) Sales Manager. A detailed description for 'Outside Sales' is shown on the right. Below this, there are sections for 'Your Greatest Strengths Report' and 'Career Development Report', each with a 'Generate' button. A callout box on the right says: 'Personal Career Planning System for each employee to explore internal job opportunities.'
